Thanks for the heads-up Jonna. You've got my back whichever way this goes, and as I said yesterday, I'll be happy to join a call with Nathan if that helps and do this in a respectful and considerate way.

We're moving ahead with a call to Karen and (hopefully, though not confirmed) Eddy today re. RoC and Cd'I. I'm just going to continue in a positive and professional way, and I'll let you know how it goes...

FYI – watch your autocomplete address on Outlook – I think you might have been typing in CKJ's address and it went to "Chris K. Jim" at UCD – not sure if you meant to do that, and I've had my own problems with Outlook suddenly adding a new address and then I send an email to the wrong person....

Cheers,

Peter

Dear Dennis, Andrew & Alisa,

Just a heads-up that although things had been going very smoothly with Metabiota and a collegial transition was being planned and implemented in the specified countries, processes have begun to devolve. The unpleasant change appears to be coincident with Nathan becoming aware of the change and the financial implications for Metabiota. Please rest assured that I had reached out to him months ago about the problems and potential consequences, and he never chose to follow-up with me until today and then in a very unprofessional manner. We therefore proceeded with Metabiota's staff and their designated POCs. We became aware of Nathan's discontent from Eddy on Tuesday. Unfortunately, today Eddy made an incredibly rude comment to me in a meeting, and then Nathan engaged me in an unprofessional and character impugning tirade this evening. I hope to maintain the transition process in a professional manner. However, if the insults and bullying behavior continue, I will be forced to consider separating from Metabiota all together.

Sorry to have to give you this notice, and I sincerely hope that no other activities are impacted, such as GVP collaborations,

Jonna
